## **Which is it – Partnership or Membership?!**

**Partnership** represents your company's association with our local chapter as a whole. Our chapter hosts dozens of events each year on a variety of topics to encourage diverse workforce participation, recognize influential transportation leaders, and offer unique technical and professional development sessions. With attendance by public agencies and private companies alike, even our social events are a great opportunity to network with peers at all levels and elevate your brand presence. Importantly, contributions from your Partnership provide scholarships for students with an interest in transportation, bolstering the pipeline for our industry.

*Note: Some companies are WTS International Partners as well.*

**Membership** applies to individual people and is managed by our parent organization, WTS International (WTSI), with coordination by our local chapter Membership Committee. Membership allows an individual access to virtual webinars and workshops hosted by WTSI, discounted registration for national and regional conferences, and invitations to “members-only” events – including voting for our chapter annual recognitions awards! Membership also provides opportunities to connect with a greater WTS audience in other regions. While several of our Partnership levels include complimentary Memberships, consider encouraging even more of your staff to become Members!
