

DEPARTMENT OF TRANSPORTATION

Transportation Data & Analysis Program Manager | Salary Range: \$48.45 - \$69.48 / hourly; \$101,163 - \$145,074 / annually

Are you looking for an exciting opportunity to get your foot in the door with State of Minnesota? If so, come join our team at MnDOT in **St. Paul, MN!**

WHY WORK FOR US? Check us out: <https://mn.gov/mmb/careers/why-work-for-us/>

This position has the flexibility to work a hybrid schedule or work in the office. If working a hybrid schedule, the incumbent will be required to report to the office at least once a week and make a telework arrangement with their supervisor.

Our **Transportation Data & Analysis Program Manager** is part of the management team and will lead the Transportation Data & Analysis section of the Office of Transportation System Management (OTSM). The responsibilities for this position also include:

- Administer and provide leadership for statewide mapping, Geographic Information Systems (GIS), roadway data, traffic data, traffic forecasting, truck weight data coordination, and route and control sections.
- Ensure that MnDOT, counties, cities, Regional Development Commissions (RDCs), Metropolitan Planning Organizations (MPOs), the Federal Highway Administration (FHWA) and other partners have timely and reliable data and information for planning, operating, managing, allocating resources, and improving the transportation system.
- Manage the department's Linear Referencing System (LRS).
- Collaborate with the Statewide Planning Manager and Statewide Travel Demand Modeling Manager to ensure that MnDOT's core spatial data and traffic data systems align with and support agency decision-making, plans, and legislative requirements.

Infrequent travel within the state, once per quarter on average, may be required to attend stakeholder meetings.

WHAT'S IN IT FOR YOU? Learn more about our benefits: <https://mn.gov/mmb/careers/why-work-for-us/benefits/>
